This boutique hotel overlooks the beautiful bay just 150 meters from the long sandy beach.

A private residence with much of its original charm and character. This year, the hotel has been renovated and a modern minimalistic touch has been given, without losing its style, with the bar and the lovely terrace having been given special attention.

The hotel has 55 non air-conditioned rooms spread over 5 floors. The rooms are tastefully decorated. They all come with a private bathroom with shower or bathtub.

A large part of the rooms open to the terrace or balcony. The hotel was built on different levels and the split-level design.

The hotel is located 20 km west of the capital Palma de Mallorca, in the beautiful bay only 150m to the white sand beach.

From the hotel terraces you have a wonderful view over the sea and the bay where there is a wide choice of bars and restaurants to be found.

Near the hotel there are 3 golf courses, Tennisclub, a country club and opportunities for all water sports. The hotel is an ideal starting point to organize excursions, on foot or by car.
