Luxury and charisma come together in this spacious [luxury villa in Ibiza](#), which is situated in one of the most popular places on the island: [Jesús](#). The spacious residence is on top of a hilltop, so that total privacy is guaranteed. From the roof you can even see [Ibiza](#) town.

When you drive down the mountain, you are immediately in the heart of Jesús. Here you will find all kinds of authentic shops and modern restaurants such as Can Pincho and fine coffee bars. The [villa](#) has a spacious surface of 226 m² and the total plot covers 7750 m², ensuring ultimate tranquility. The serene atmosphere immediately comes to mind when you enter the house, where you hear nothing but the sounds of nature.

The residence looks everything but tight and cold: at Casa Don you immediately feel the nice atmosphere that hangs and you see that the house is decorated and finished with great taste, love and attention to detail. The villa has five spacious bedrooms, all of which have an ensuite bathroom, two of which have a luxurious bath.

All bathrooms have double sinks and in three bathrooms the walls are made of micro cement. Also the floors in almost the entire residence consist of this material, which has a modern look and is very maintenance friendly. All bedrooms have air conditioning and have built-in cupboards of high quality hardwood.

The spacious living room has a spectacular view over the pool and through the glass sliding doors

an extension of the veranda. In this room there is more than enough space for a luxurious lounge and the fireplace provides an extra homely atmosphere.

A Sonos system has been installed in the living room, which can also be found in the kitchen and the veranda. In the custom made living kitchen hangs an iPad, with which the system can be controlled. The kitchen is equipped with all luxury

standards; such as a kitchen island and a built in American fridge and an electric stove from SMEG. There is also a spacious kitchen outside, where you can have a delicious barbecue, right at the pool. When the evening falls, this, together with the garden, is atmospherically lit, creating a magical atmosphere in Casa Don: where the end of the world is suddenly very close.
