DESCRIPTION

This [villa](#) is located at the highest-lying spot of the urbanisation Can Furnet. From there you can admire a magnificent view across the city of Ibiza to Formentera.

The town of [Jesús](#) and the city of Ibiza with all its shops, restaurants and amusements are only a few minutes away. There is already a project underway to convert the house into a high quality minimalist villa. This includes a spacious living area with semi-open kitchen, five bedrooms with four bathrooms.

On several levels the outdoor area offers a variety of terraces and a large infinity pool. A lift connecting the levels with a garage will complete this offer.
