M² Inside: 420m²

DESCRIPTION

This Finca retains the style of the 17th century Ibizan house. Located in the area of San Jordi, the house is oriented to the south and in good condition even though a reform would increase its value considerably. It has wide walls, is cool in summer and thanks to two chimneys is warm in winter. The house has 257 m² plus pens and a guesthouse of 120 m² plus a historic tower that can be converted into an extra room or a bodega.

The Finca is situated in a very quiet area and at the same time is close to Ibiza, the airport, the beaches and all amenities.
