DESCRIPTION

Recently refurbished apartment in Can Pep Simó, close to the bay of Talamanca and only a few minutes from the charming village of Jesus.

The apartment has been refurbished 2 years ago and originally had a master bedroom and a smaller bedroom which nowadays has been converted into a dressing room, but if necessary it would be very easy to transform it back into a second bedroom. It also has a kitchen with a large island and a living-dining room connected to the terrace where a small pool has been created. The community has a large swimming pool and several garden areas with lots of privacy.

The apartment is complemented with a covered parking area where we also find the laundry area and an additional storage room.
